Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

WHY LEADERS LIE: THE TRUTH ABOUT LYING IN INTERNATIONAL POLITICS

DOWNLOAD

Gerald Duckworth & Co Ltd. Paperback. Book Condition: new. BRAND NEW, Why Leaders Lie: The Truth About Lying in International Politics, James Mearsheimer, In Why Leaders Lie, John Mearsheimer provides the first systematic analysis of lying at the highest levels. He identifies the different forms of lying, the reasons why lies are used as a tool of statecraft, the potential costs - and benefits. Drawing both on historical and present-day examples, he argues that leaders often lie for good strategic reasons - as Roosevelt and Churchill did in World War Two - which makes blanket condemnation unrealistic and unwise. And there is always an important difference between lying to another state and lying to one's own people, as in the invasion of Iraq. Why Leaders Lie explains the different consequences that result from lying to another state, and from lying to one's own people as in the invasion of Iraq. John Mearsheimer discovers that interstate lying has always been unusual; due to the distrust among great powers, outright deceit is difficult to pull off, and sometimes backfires. Leaders more frequently mislead their own publics and democratic leaders like our own do it more often than dictators. This book explains why. There has never been a full discussion of international lying. Why Leaders Lie fills the gap with a deeply informed and powerfully argued account, which provides a template for understanding the real world of high-level decision making.
