EPA's Design for the Environment Program which works with electronics manufacturers to incorporate environmental considerations into product design. EPA's Environmentally Preferable Purchasing Program which helps federal agencies purchase environmentally preferable products. The Energy Star Program which promotes energy-efficiency products through a labeling campaign. EPA's Waste Wise Program which challenges its partners to set goals for reducing e-waste. I am grateful to the Chairman for circulating the discussion draft we have before us today and bringing this topic to the forefront. I am curious to see...
