Osama Bin Laden is unquestionably the leader of the world s most deadly terrorist cult. He has perverted the teachings of Islam to create a fringe religious ideology where only al-Qaeda speaks for God. In his cult, suicide bombing and the mass murder of Muslims prove one s devotion. Al-Qaeda s 9/11 attack on the United States was just a small part of bin Laden s strategy to win a civil war for control of Islam. By fighting his terrorists solely with bullets and bombs and ignoring his war on Islam, we have bolstered bin Laden s recruiting efforts abroad, undermined civil liberties and economic security at home, and tarnished America s reputation abroad. Career intelligence officer Malcolm Nance proposes a quantum shift in how to eliminate al-Qaeda in less than twenty-four months, while restoring America s reputation as a force for good around the world. His plan includes: Exposing al-Qaeda s mission to create a nuclear-armed terror Emirate, incite a Muslim civil war, and eventually seize control of Islam Challenging and breaking the perceived spiritual link between mainstream Islam and al-Qaeda s cultist ideology Attacking al-Qaeda fighters through precision intelligence and special-operations missions, thereby reducing the deaths of innocent civilians Restoring America s shattered image in the developing world in order to support the global counter-terrorism campaign An End to al-Qaeda is both a blueprint for destroying al-Qaeda and a fierce critique of America s poorly executed war on bin Laden s terrorists.
