By LI CHAO DONG

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 118 Language: Chinese. Many students feel that way: the materials are familiar with the class to understand. but an examination of test but not to make a success. The reason is that the teaching materials and examination requirements gap. there are differences in classroom teaching and the selection examination. This requires on top of teaching materials can be added outside the classroom increase. until they reach the entrance of the selection requirements. The Jinglun school Code textbooks resolve: high school mathematics (A GB) (Elective 2-3) (revised edition) is from the following to fill this gap. First. the depth of excavation material. Teaching materials are easy to understand. but which contains a wealth of information. The materials contained information mining. and the system order. and fully demonstrated knowledge of connotation and extension of knowledge. Four Satisfaction guaranteed, or money back.
